

Target behaviors are tailored for every child based on the intake. They are updated weekly and affecting child's stages progress. Here are two examples

Goal	Context	Target Behavior	Feedback
Collaboration 	Department space	Behavior – mutual play Antecedent – with peers / instructor Criterion – From beginning till termination	“Nice participation. We see your effort”
Independency – ADL 	Morning - Personal room	Behavior – Get out of bed Antecedent – Wake up Criterion – Within 5 minutes	“This was fast – way to go”
